

Copymoore Document Solutions GovPack

True Governance of Budgets and Document Output

Budget and environmental impact savings with the Copymoore GovPack

Government departments, agencies or companies that work with government contacts need to manage budgets and meet environmental and carbon footprint targets. With the Copymoore GovPack, we have a suite of products and services that can be tailored to work within government frameworks and guidelines.

Cost and carbon footprint controls... Under new Management

Within the constraints of Civil Service and Contractors guidelines, software needs to be cost effective and functional. Budget constraints mean that cost savings need to be quantifiable and measurable, the Copymoore GovPack does this by incorporating hardware, software and professional services in a way that ensures these are met. Environmental printing policies can be introduced and enforced [if required] to ensure compliance.

Keep your budgets on a tight leash

The Copymoore GovPack can provide a range of market leading software and services that work together to bring Government, Civil Service and Contractors easy to use, functional and cost-effective solutions that work across Education, Healthcare, local and national Government agencies.

Budgets and Billing
